School Description

Welcome to San Leandro High School. SLHS is a large, diverse comprehensive high school with outstanding programs for students. In the last few years, we have seen great growth in our AP programs, with several new AP courses and new elective classes being added to our curriculum. We strive to provide a challenging learning experience for all students.

Our AVID, SLAM (multimedia), Social Justice, and our Business Academy continues to win awards and recognition: our Business Academy regularly sends students to national competitions to present their business plans. Our multimedia students are county award winners and their projects demonstrate industry standard skills. Our Social Justice Academy has become an award-winning program. We continue to expand our AVID program to support our efforts to prepare students to enter a four-year university upon graduation from high school.

In the fall of 2010 we opened our state of the art campus for our ninth grade students, providing the opportunity for improved academic success for these students. Our students also continue to excel outside the classroom. Our sports program is extremely strong, as is our activities and extracurricular programs. There is something for everyone at SLHS!

Our School Site Council, United Parents, Parent Equity Group, English Language Advisory Committee, teachers, classified staff, and administrators invite you to come to the school and be part of our "Pirate" family!

District Vision Statement

The mission of the San Leandro Unified School District is to educate students to achieve and demonstrate academic excellence and become confident, collaborative and competitive in a global society, by utilizing state-of-the-art technologies and innovative teaching strategies within a well-maintained, secure learning environment, in a region rich in heritage and diverse in culture, where we value our traditions while welcoming change.

School Mission Statement

At San Leandro High, we want students to leave San Leandro High School as prepared and productive members of society, all having options of attending four-year university, community college, vocational trade school, or enter into public service.

District Profile

San Leandro Unified School District is located in the City of San Leandro, which is situated 20 miles southeast of San Francisco. San Leandro is a friendly and diverse city with a colorful heritage and numerous cultural amenities including a 450-berth Marina, two golf courses, and a large community library center. San Leandro is well-known for its quiet, well-defined neighborhoods full of charming and unique older houses on tree-lined streets. San Leandro residents are proud of both their neighborhoods and their city, which can be seen in their active involvement in the city's numerous neighborhood and homeowner's associations.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. San Leandro Unified School District held a public hearing on September 20th, 2011 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California.

All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks are illustrated in the chart.

School Facility Conditions and Planned Improvements (Most Recent Year)

Age & Condition of Facilities

San Leandro High School was originally constructed in the 1940s and is currently comprised of 95 permanent classrooms, a library, a staff lounge, a multi-purpose/cafeteria room, three computer labs, a gymnasium, and an athletic field. The Fred T. Korematsu ninth grade campus was completed in Fall 2010. A new Arts Education Center, with a 550 seat theater, was completed in Spring 2011. The school's Career Technical Education Center was completed in Summer 2012, which includes state-of-the-art industrial arts programs and equipment.

Cleaning Process

The administration works daily with 11 full-time custodians to ensure that the cleaning of both campuses is maintained to provide clean and safe school environments.

Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority to emergency repairs. At the time of publication 100% of San Leandro High School's restrooms were in good working order. The chart illustrates the results of the most recent facilities provided by the district. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been scheduled for repair or are in the process of remediation. With the passage of Measure B, modernization and renovation of the San Leandro schools has begun. For more information about Measure B, please visit the district's web site: www.sanleandro.k12.ca.us.

Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating/air conditioning, interior/exterior painting, electrical systems, and flooring. For the 2012-2013 school year, the district allocated \$164,000 for the deferred maintenance program. This represents .22% of the district's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents and the community are very supportive of the education program at San Leandro High School. Parents may participate in the Parent Equity Group, the English Language Advisory Committee (ELAC), the Boosters Club, GEAR Up Parent Group, and the United Parents of San Leandro High School.

San Leandro High School has partnerships with the following community organizations and businesses: Eden Area ROP, the Chamber of Commerce, Kiwanis, Rotary, and Lion's Club.

Contact Information

Parents who wish to participate in San Leandro High School's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (510) 618-4600.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a primary concern of San Leandro High School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is reviewed and updated every fall by the administration, evacuation procedures are updated and reviewed with the staff and practiced each fall and spring with the students. The safety plan is reviewed by the School Site Council in February and approved in March of each school year. The key elements of the School Site Safety Plan include disaster plans and drills. Fire, earthquake, and intruder drills are conducted on a regular basis throughout the school year.

To ensure student safety, staff members supervise students regularly and at all times. Any visitors to the campus are required to check in at the principal's office.

Professional Development provided for Teachers

Teachers are provided multiple opportunities for staff development throughout the year. Every Wednesday morning, teachers participate in 55 minutes of collaboration time within their departments or interdepartmental groups to further the department or schoolwide goals. In addition, during this collaboration time, teachers voluntarily visit their colleague's classes to observe common and unique practices to improve instruction.

A team of teachers were trained in utilizing the Professional Learning Community format to support our efforts to improve the academic success of all of our students.

District-supported professional development include preparing English and Math teachers to understand and begin implementing new Common Core Standards.

Career Technical Education Programs

San Leandro High School Career Technical Education programs provide a sequence of courses that furnish individuals with the academic, technical knowledge, and skills individuals need to prepare for further education and for careers in current or emerging employment sectors. The table displays questions and answers about student participation in San Leandro High School's Career Technical Education (CTE) programs.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
