JOHN MUIR MIDDLE SCHOOL

John Muir Middle School is located in the City of San Leandro, which is situated 20 miles southeast of San Francisco. The city of San Leandro is a suburban community of approximately 90,000 residents. The city occupies 15 square miles between the cities of Oakland and Hayward and is bordered on the west by the San Francisco Bay and in the east by the East Bay Foothills. San Leandro is a friendly and diverse city with a colorful heritage and numerous cultural amenities including a 450-berth Marina, two golf courses, and a large community library center. San Leandro is well-known for its quiet, well-defined neighborhoods full of charming and unique older houses on tree-lined streets. San Leandro residents are proud of both their neighborhoods and their city, which can be seen in their active involvement in the city's numerous neighborhood and homeowner's associations.

John Muir Middle School is an Advancement via Individual Determination (AVID) site. The AVID program promotes a college-going culture through an instructional framework that supports teachers in the implementation of Common Core State Standards and Next Generation Science Standards. The core academic program at John Muir includes English Language Arts, Mathematics, Science, History, Physical Education, and Electives. Students can choose from among the following electives: Art, Instrumental Music, Orchestra, Computers, Maker Space, Spanish, Leadership, AVID, ELD, Independent Work Education (IWE), Drama, Symphonic Band, Orchestra, and Choir. During the instructional day, John Muir Middle School has a full-service multimedia center including a 3-D printer and laser cutter. John Muir also has a thriving Athletic program that includes softball, track and field, boys/girls basketball, boys/girls volleyball, flag football, wrestling, cross county, tennis, and golf. With a 1:1 computer ratio John Muir is committed to providing all students with a learning environment that encourages higher-level thinking skills, creativity, meaning-centered learning, collaborative exploration, discovery, and independent reflective work. Our teaching faculty of highly qualified teachers is dedicated to teaching students a rigorous core academic program that will prepare students for the rigors of high school. The John Muir staff regularly analyzes data to inform their instruction. Analysis of data by the John Muir teaching staff includes examination of STAR Renaissance data, CAASPP data, district interim assessment data, surveys, and ELPAC data.

AVID

John Muir is an Advancement via Individual Determination (AVID) site. A number of John Muir teachers have been trained in the AVID methodology. Through the AVID College Readiness System, the John Muir staff is committed to providing all students with a middle school experience that will support them in accessing college and career opportunities. In addition, through the instructional methodology of the AVID College Readiness System, all John Muir teachers receive ongoing professional development in WICOR (Writing, Inquiry, Collaboration, Organization, Reading) to support their delivery of instruction.

ACADEMIC EXCELLENCE

John Muir is committed to providing our students with a variety of enrichment programs to promote academic excellence, college and career readiness, positive student behavior, and to promote a positive climate for learning. The John Muir staff is committed to providing an educational program in which the school's resources and services are effectively coordinated to meet the needs of every student. Our teachers strive to provide students with high-quality instruction through WICOR, Project Based Learning (PBL), blended learning, and PBIS leading to classroom environments that are culturally responsive to students. It is John Muir's goal to provide academic programs that are rigorous, personalized, culturally responsive, and appropriately challenging for all students.

COLLABORATION

A core value of John Muir is to foster a collaborative community where all stakeholders have a voice. John Muir Middle School is a school community that promotes shared decision-making, parent involvement, and community involvement. We believe that it is through the collaboration of students, families, staff, and the John Muir community where we will attain positive experiences and success for all John Muir students.

INSTRUCTION

During the 2017-2018 school year the instructional periods at John Muir were fifty minutes long on Mondays, Tuesdays, and Thursdays, and forty-five minutes long on Wednesday and Friday. Fridays were early release days and this time was used for teacher collaboration, parent communication, and professional development. The focus of staff collaboration is to align our instructional activities in order to improve the academic performance of all students, specifically English Learners (EL) and students who require additional intervention to support their learning needs. Recognizing the need to focus on the whole child, our teachers provide learning experiences which foster social/emotional growth through the development of students' communication and collaboration skills.

PROFESSIONAL DEVELOPMENT

During the 2017-2018 school year, John Muir teachers were provided with a number of opportunities to grow professionally and improve. At the site level, professional development occurs during a variety of meetings (faculty, departmental, grade level, cross-school collaboration, admin updates). The John Muir administrators, AVID Site team, Department Chairs, and other members of the staff facilitate professional development sessions. In addition, all teachers participate in the district-wide professional development days in the fall and spring that support San Leandro Unified instructional vision of providing responsive, personalized learning pathways for college and career readiness. Classified staff also participates in a variety of trainings throughout the school year.

CONFERENCES AND WORKSHOPS

John Muir teachers attend conferences and workshops throughout the year. Teachers focus their professional development in the areas of the Common Core Standards, Next Generation Science Standards, Project Based Learning, Eureka Math, Studysync, Integrated ELD and Designated ELD. Many John Muir teachers have attended a Advancement via Individual Determination (AVID) Summer Institute. Our Science teachers work closely with the Alameda County Office of Education as they have transitioned to the Next Generation Science Standards. These conferences and workshops have supported the staff in the implementing the Common Core Standards and Next Generation Science Standards. New teachers at John Muir are provided support through John Muir's monthly new teacher meetings and through the Center for Teacher Innovation.

LOCAL AND STATE ASSESSMENTS

John Muir administered the STAR Renaissance assessments three times throughout the 2017-2018 school year and a District interim assessment. In addition, John Muir math teachers use Eureka end of Module assessments as a district benchmark assessment. John Muir administers the SBAC to all students as their end of year summative assessment. In combination the above assessments are used to analyze our instructional program.

ENGLISH LEARNERS (EL)

During the 2017-2018 school year John Muir had approximately 270 EL students. The majority of the English Learners speak Spanish. The other languages spoken in the school are Tagalog, Vietnamese, Chinese, Arabic, and Japanese. A Designated ELD course provides the John Muir English Learners with 30 minutes a day of English Language Development instruction. In addition to the Designated ELD instruction, all content area teachers provide Integrated language supports for our English Learners. To support the teacher with the systematic language instruction of English, John Muir teachers are participate in professional development training in Designated ELD and Integrated ELD.

JOHN MUIR MISSION VISION AND SOCIAL VISION

John Muir Mission Statement - To prepare each student for academic, emotional, and social success.

John Muir Vision Statement - John Muir Middle School is a safe and inclusive community where everyone is actively engaged in learning.

John Muir Social Vision- Falcons Stand Up, Stand Strong, and Stand Together

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. San Leandro Unified School District held a public hearing on August 21, 2018, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks as of January 2019 are illustrated in the chart.

School Facility Conditions and Planned Improvements (Most Recent Year)

Age & Condition of Facilities

John Muir Middle School was originally constructed in 1950 and is currently comprised of 58 permanent classrooms, a library, a staff lounge, a multipurpose/ cafeteria room, a gymnasium, and a playfield with soccer and baseball fields. Recent renovations include the installation of new exterior fencing, exterior paint, and connection to the city's fiber loop for high-speed internet access. The library was renovated in the 2017-18 school year.

Cleaning Process

The principal works daily with the head custodian and custodial staff to ensure a clean and safe school environment.

Maintenance & Repair

District maintenance staff inspects and makes timely repairs necessary to maintain the facility. The district recently implemented a new work order system to ensure efficient and timely service for all repairs and service requests.

Measure J1 Bond Work:

The school received new heating, ventilation, and air conditioning (HVAC) units in all classrooms in 2016. Additionally, the school's electrical system will be upgraded to accommodate future needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	40.0	39.0	38.0	38.0	48.0	50.0
Math	25.0	26.0	25.0	26.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents and the community are very supportive of the education program at John Muir Middle School. Parents may participate in the Parent Teacher Student Organization (PTSO), School Site Council (SSC), Bi-weekly Principal Chats, Title 1 Parent groups, and the English Language Advisory Committee (ELAC).

Parents also participate in a number of school-related events throughout the school year. Parents who wish to participate in John Muir Middle School's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (510) 618-4400.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a primary concern at John Muir Middle School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is updated annually by the John Muir Middle School Safe Schools Team. The key elements of the School Site Safety Plan entail disaster preparedness and assignment of responsibilities. Fire, earthquake, and intruder drills are conducted on a regular basis throughout the school year.

To ensure student safety, staff members supervise students at all times before and after school, and during recess and lunch. Any visitors to the campus are required to check in and check out at the school's office and wear the proper identification badge at all times.

The designated area for student drop-off and pickup is at the front of the school and the West side of the building.

Professional Development provided for Teachers

The goal of John Muir's Professional Development plan is to support the district vision of creating responsive, personalized, learning pathways for career and college readiness. John Muir Teachers participate in a variety of professional development opportunities to achieve this goal. As an AVID site, the John Muir staff receives continuous professional development in AVID WICOR strategies. In addition, the John Muir staff receives monthly trainings in Positive Behavior Interventions and Supports (PBIS) to maintain a positive school climate and address the Social Emotional needs of our students. A number of our John Muir teachers have been receiving training in Project Based Learning and Assessing Student Learning Accurately. Project Based Learning, or (PBL), is a teaching method that engages students actively in learning by asking them to investigate an interesting and complex question, problem, or challenge, and then to create something in response. Assessing Student Work Accurately or (ASLA), supports teachers in examining their grading practices and supports teachers in creating grading systems that provide equitable outcomes for all students. All John Muir teachers participate in our monthly staff development meetings, department meetings, and grade level meetings. Staff development for beginning teachers is supported through Beginning Teachers Support and Assessment (BTSA), and all teachers have access to, and may receive assistance through the district Instructional coaches. San Leandro Unified School District supports staff development through two Staff Development days each year.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
