Principal's Message

Woodrow Wilson Elementary School is a community of learners who share a committed focus on ensuring that every child who comes to our school receives an equitable education within a nurturing and safe environment. The strength of our school lies with the staff who are knowledgeable, thoughtful, conscientious, and who share the belief that all students can learn and embrace the skills that will make them lifelong learners. Our teaching faculty of highly qualified, fully credentialed teachers is dedicated to teaching rigorous core academic curriculum based on the Common Core State Standards and the Next Generation Science Standards that ensures access for all of our student subgroups. Educators at Woodrow Wilson Elementary School collaborate and analyze data regularly to produce deeper learning opportunities for our students that includes an analysis of academic performance and language development to determine EL student program needs as well as other student subgroups needs. We believe that focused practices lead to stronger results! Our goal is to make continuous year to year growth for each individual student, so that all are prepared for middle school, high school, and beyond for college and career. Education requires teamwork. The Wilson staff, teachers, families, community members, and students will continue to communicate clearly and work effectively to enable our students to meet the Common Core standards and to achieve our school-wide site plan goals and objectives.

Woodrow Wilson School is made up of a rich and diverse student body. The school serves students in grades TK-5. Additional resources are allocated to serve students in need of Math and Reading Intervention support services. Support services are also offered in English Language Development instruction, Speech and Language, Special Education Resource Program, Adaptive Physical Education, Occupational Therapy, and Counseling. Students also receive instruction in Music, Art, and Physical Education taught by Specialists.

The Woodrow Wilson staff is committed to providing an educational program in which the school's resources and services are effectively coordinated to meet the needs of students. Our teachers strive to provide students with explicit direct instruction lessons and project-based learning (PBL) opportunities that are combined with blended learning opportunities in our 1:1 (1st-5th Grade) and 2:1 (Kindergarten) digital learning environments. It is always our goal to provide academic programs that are culturally responsive, rigorous, personalized and appropriately challenging for all students.

Instruction is focused on English Language Arts and Mathematics Common Core State Standards and Next Generation Science Standards as all students make progress toward mastery. Teachers at Woodrow Wilson Elementary School differentiate their instruction by regularly assessing and grouping students within and/or outside of the classroom for instruction in a variety of core academic content areas. Through this process, teachers are able to work together to meet the needs of all students by sharing resources and best instructional practices. This has become a focus by aligning activities to achieve school goals through improving the academic performance of English Learner students and students who require additional intervention to support their learning needs. Recognizing the need to focus on the whole child, our teachers also provide learning experiences that foster social/emotional growth as well as develop students' communication and collaboration skills.

District Vision Statement

The mission of the San Leandro Unified School District is to educate students to achieve and demonstrate academic excellence and become confident, collaborative and competitive in a global society, by utilizing state-of-the-art technologies and innovative teaching strategies within a well-maintained, secure learning environment, in a region rich in heritage and diverse in culture, where we value our traditions while welcoming change.

School Mission Statement

High standards, equity, and accountability are central to the vision for our community of learners at Woodrow Wilson Elementary School. We are determined to provide our students with the life skills, tools, and knowledge to be successful life-long learners. We assure that our students can compete among the very brightest, best, and most creative individuals. In order for this to accomplish this, we are committed to building on our current successes, developing a collaborative pedagogy utilizing current, evidence-based practices that improve student achievement and recognizing the hard work and long road that is ahead of us with perseverance and motivation. We are optimistic in the simple truth that we know our students are capable, our teachers and staff are determined and our community is supportive.

Making our vision a reality means our continuing effort at creating a standards-based accountability system where every student is compared to a standard rather than each other, where every student is clear on what is expected of him or her, where every student is given multiple opportunities to learn and to show what they know in order to reach high, rigorous standards, and where there is no achievement gap.

District Profile

San Leandro Unified School District is located in the City of San Leandro, which is situated 20 miles southeast of San Francisco. San Leandro is a friendly and diverse city with a colorful heritage and numerous cultural amenities including a 450-berth Marina, two golf courses, and a large community library center. San Leandro is well-known for its quiet, well-defined neighborhoods full of charming and unique older houses on tree-lined streets. San Leandro residents are proud of both their neighborhoods and their city, which can be seen in their active involvement in the city's numerous neighborhood and homeowner's associations.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. San Leandro Unified School District held a public hearing on August 21, 2018, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks as of January 2019 are illustrated in the chart.

School Facility Conditions and Planned Improvements (Most Recent Year)

Age & Condition of Facilities

Wilson Elementary School was originally constructed in 1947 and is currently comprised of 24 permanent classrooms, 14 portable classrooms, a library, a staff room, a multi-purpose room, a kitchen, and two playgrounds. Renovation of the library occurred during 2017.

Cleaning Process

The principal works daily with the head custodian and custodial staff to ensure a clean and safe school environment.

Maintenance & Repair

District maintenance staff inspects and makes timely repairs necessary to maintain the facility. The district recently implemented a new work order system to ensure efficient and timely service for all repairs and service requests.

Measure J1 Bond Work:

The school is scheduled to receive new heating, ventilation, and air conditioning (HVAC) units in all classrooms. Additionally, the school's electrical system will be upgraded to accommodate future needs. Aging portables will be replaced with newer classroom structures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Wilson is dedicated to engaging parents in a variety of ways. The Wilson staff believes in building engaging, collaborative partnerships with our families and community members. Staff members encourage parents/guardians to participate in and out of the classroom on an ongoing basis throughout the year. Kindergarten and TK teachers meet with parents prior to the start of the school year to welcome new families to our school. Staff communicates regularly with families through newsletters, phone calls, emails, auto-text programs, in-person meetings, and emails. Many staff utilize teacher webpages and online outreach programs to connect with families. Parents/guardians receive multilingual school and classroom newsletters on a regular basis in addition to messages sent through the telephone system. Messages sent through the school's automated phone messaging system are multilingual. Parent volunteers are encouraged to work in classrooms around the school through our volunteer sign-up policies. Twice a month Coffee Chats with the Principal provide open format to receive information and ask pertinent questions on an ongoing basis. Parents may participate in the Parent Teacher Committee (PTC), English Learner Advisory Committee (ELAC), School Site Council (SSC), as well as a variety of volunteer activities. Parents and families members may volunteer to help with fundraising, school-wide events such as assemblies or Beautification Day, assistance within the classroom, support during recess and lunch, and other activities including working in our community garden.

Wilson Elementary School has several partnerships with local community organizations, including the Boys & Girls Club/ASES and Girls, Inc. Other partners include Kaiser Permanente, Safe Routes to School, Safe Moves, Bike Mobile, and the Alameda County Office of Education Project Eat.

Family members who wish to participate in Wilson Elementary School's parent advisory committees, school activities, or become a volunteer may contact the main office at (510) 618-4370.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a primary concern at Wilson Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is updated every winter by a committee of six individuals, including the principal, vice principal, and SLTA representative. The key element of the School Site Safety Plan entails emergency evacuation procedures. Fire, earthquake, and intruder drills are conducted on a regular basis throughout the school year. The Wilson School Safety Plan was reviewed, discussed and updated during the 2018-2019 school year.

To ensure student safety, staff members supervise students at all times before and after school, and during recess and lunch. All visitors to the campus are required to check in at the school's office and wear the proper identification badge at all times.

Professional Development provided for Teachers

Staff development is delivered via a variety of means, including peer-to-peer mentoring, instructional coaching, teacher technology education consultants, site-based staff development opportunities, districtwide professional development, and off-site conferences at federal, state, and county levels. Peer-to-peer development opportunities include BTSA (Beginning Teachers Support and Assessment) Support Providers, instructional coaches, and Professional Learning Community Collaboration time and training. Administration at site and district level provide and deliver staff development based on student and site need. Professional development is provided in content areas, technological integration, socio-emotional learning, alignment with Common Core State Standards, English Language Development, Project Based Learning, special education, and in other areas designed to increase and improve student access, engagement, and achievement. Staff is able to receive training that is individualized, job-embedded, after school, during district-wide professional development days, via online learning platforms, and during release time. The district supports staff development through Professional Growth Days as well as grade-level specific trainings, including math and ELA/ELD framework trainings. Teachers are released each semester to plan by grade level for the upcoming based on student assessment data, Common Core standards, and curriculum. In order to select areas for staff development, factors including state and district assessment data, curriculum-based assessment, teacher feedback, community and family needs and input, English Language Learners, needs of students with disabilities, and state/federal standards are considered, among other essential data. Staff development is ongoing, reflective, globally and culturally relevant, and responsive to the needs of the students, staff, and school-wide community.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
